

§ 35.6275

(6) *Accounting system control procedures.* Except as provided for in paragraph (a)(3) of this section, accounting system control procedures must ensure that accounting information is:

(i) Accurate, charging only costs attributable to the site, activity, and operable unit, as applicable; and

(ii) Complete, recording and charging to individual sites, activities, and operable units, as applicable, all costs attributable to the recipient's CERCLA effort.

(7) *Financial reporting.* The recipient's accounting system must use actual costs as the basis for all reports of direct site charges. The recipient must comply with the requirements for financial reporting contained in § 35.6670 of this subpart.

(b) *Recordkeeping system standards.* (1) The recipient must maintain a recordkeeping system that enables site-specific costs to be tracked by site, activity, and operable unit, as applicable, and provides sufficient documentation for cost recovery purposes.

(2) The recipient must provide this site-specific documentation to the EPA Regional Office within 30 working days of a request, unless another time frame is specified in the Cooperative Agreement.

(3) In addition, the recipient must comply with the requirements regarding records described in §§ 35.6700, 35.6705, and 35.6710 of this subpart. The recipient must comply with the requirements regarding source documentation described in 40 CFR 31.20(b)(6).

(4) For pre-remedial and Core Program activities, the recordkeeping system must comply with the requirements described in paragraphs (a)(3) and (a)(4), respectively, of this section.

§ 35.6275 Period of availability of funds.

(a) The recipient must comply with the requirements regarding the availability of funds described in 40 CFR 31.23.

(b) Except as permitted in § 35.6285, the Award Official must sign the assistance agreement before costs are incurred. The recipient may incur costs between the date the Award Official signs the assistance agreement and the

40 CFR Ch. I (7–1–00 Edition)

date the recipient signs the agreement, if the costs are identified in the agreement and the recipient does not change the agreement.

§ 35.6280 Payments.

(a) *General.* In addition to the following requirements, the recipient must comply with the requirements regarding payment described in 40 CFR 31.21 (f) through (h).

(1) *Assignment of payment.* The recipient cannot assign the right to receive payments under the recipient's Cooperative Agreement. EPA will make payments only to the payee identified in the Cooperative Agreement.

(2) *Interest.* If the recipient earns interest on an advance of EPA funds, the recipient must return the interest unless the recipient is a State or State agency as defined under section 203 of the Intergovernmental Cooperation Act of 1968, or a Tribal organization as defined under section 102, 103, or 104 of the Indian Self-Determination and Education Assistance Act of 1975 (Pub. L. 93–638).

(b) *Payment method—(1) Letter of credit.* In order to receive payment by the letter of credit method, the recipient must comply with the requirements regarding letter of credit described in 40 CFR 31.20 (b)(7) and 31.21(b). The recipient must identify and charge costs to specific sites, activities, and operable units, as applicable, for drawdown purposes as specified in the Cooperative Agreement.

(2) *Reimbursement.* If the recipient is unable to meet letter of credit requirements, EPA will pay the recipient by reimbursement. The recipient must comply with the requirements regarding reimbursement described in 40 CFR 31.21(d).

(3) *Working capital advances.* If the recipient is unable to meet the criteria for payment by either letter of credit or reimbursement, EPA may provide cash on a working capital advance basis. Under this procedure EPA shall advance cash to the recipient to cover its estimated disbursement needs for an initial period generally geared to the recipient's disbursing cycle. Thereafter, EPA shall reimburse the recipient for its actual cash disbursements.

Environmental Protection Agency

§ 35.6285

In such cases, the recipient must comply with the requirements regarding working capital advances described in 40 CFR 31.21(e).

§ 35.6285 Recipient payment of response costs.

The recipient may pay for its share of response costs using cash, services, credits or any combination of these, as follows:

(a) *Cash.* The recipient may pay for its share of response costs in the form of cash.

(b) *Services.* The recipient may provide equipment and services to satisfy its cost share requirements under Cooperative Agreements. The recipient must comply with the requirements regarding in-kind and donated services described in 40 CFR 31.24.

(c) *Credit—(1) General credit requirements.* Credits are limited to State site-specific expenses that EPA determines to be reasonable, documented, direct, out-of-pocket expenditures of non-Federal funds for remedial action. Credits are established on a site-specific basis. Only a State may claim credit.

(i) The State may claim credit for response activity obligations or expenditures incurred by the State or political subdivision between January 1, 1978 and December 11, 1980.

(ii) The State may claim credit for remedial action expenditures incurred by the State after October 17, 1986.

(iii) The State may not claim credit for removal actions taken after December 11, 1980.

(2) *Credit submission requirements.* (i) *Expenditures incurred before a site is listed on the NPL.* Although EPA may require additional documentation, the State must submit the following before EPA will approve the use of the credit:

(A) Specific amounts claimed for credit, by site (estimated amounts are unacceptable), based on supporting cost documentation;

(B) Units of government (State agency, county, local) that incurred the costs, by site;

(C) Description of the specific function performed by each unit of government at each site;

(D) Certification (signed by the State's fiscal manager or the financial director for each unit of government)

that credit costs have not been previously reimbursed by the Federal Government or any other party, and have not been used for matching purposes under any other Federal program or grant; and

(E) Documentation, if requested by EPA, to ensure the actions undertaken at the site are cost eligible and consistent with CERCLA, as amended, and the NCP requirements. This requirement does not apply for costs incurred before December 11, 1980.

(ii) *Expenditures incurred after a site is listed on the NPL.* A State may receive credit for remedial action expenditures after October 17, 1986, only if the State entered into a Cooperative Agreement before incurring costs at the site.

(3) *Use of credit.* The State must first apply credit at the site at which it was earned. With the approval of EPA, the State may use excess credit earned at one site for its cost share at another site (See CERCLA section 104(c)(5)). Credits must be applied on a site-specific basis, and, therefore, may not be used to meet State cost-share requirements for Core Program Cooperative Agreements. EPA will not reimburse excess credit.

(4) *Credit verification.* Credits are subject to verification by audit and technical review of actions performed at sites.

(d) *Over match.* The recipient may not use contributions in excess of the required cost-share at one site to meet the cost-share obligation at another site or the Core Program cost-share obligation. Overmatch is not "credit" pursuant to § 35.6285(c)(3).

(e) *Cost sharing.* The recipient must comply with the requirements regarding cost sharing described in 40 CFR 31.24. Finally, the recipient cannot use costs incurred under the Core Program to offset cost-share requirements at a site.

(f) *Advance match.* (1) A Cooperative Agreement for a site-specific response entered into after October 17, 1986 cannot authorize a State to contribute funds during remedial planning and then apply those contributions to the remedial action cost share (advance match).

(2) A State may seek reimbursement for costs incurred under Cooperative
